

## **COVID-19 Response – IMHA**

**January 28, 2021**

I am sure many members are wondering how Covid-19 may impact the remainder of the hockey season. The simple answer is that things are changing weekly, if not almost daily and no decisions have been made at this time.

Hockey Alberta has provided a deadline of Feb 1, 2021 to make any decisions on league play. The IMHA Board of Directors are aware of the challenges facing everyone in this environment. The IMHA Board will make the best decisions possible for our members taking into consideration all options while following guidelines and protocols from AHS, Hockey Alberta and the Government of Alberta in determining what the remainder of our season will look like once we have further information. We have attached the Hockey Alberta Bulletin for your review.

Expect more information to follow once we hear any determinations from Hockey Alberta, the Government of Alberta or AHS regulations surrounding restrictions.

Thank you everyone for your continued support as we all navigate through COVID 19 and the uncertain times presented to us.

Stay Safe and Healthy!

IMHA Board of Directors
